-o0o-

We have a very short note on the 23rd Annual Hibiscus Show in Hawaii from Lewis Young. He tells us that Miss Aina Gahan was named Miss Hibiscus, and that Augie Miller named one of his new hybrids for her. There was no information as to the other winners in the show. He did tell us that Mr. Miller has produced eleven new hybrids in the past fiscal year.

-o0o-

Shall we start a *"Let's beat Harry"* campaign in the seedling classes? Remember, pollen dusters, there is a $500.00 bond to win.

-o0o-

Intuition is something that women have in place of common sense.
